SIR,

With reference to Government Proceedings No. 3046-8/287 dated 11th. October 1900 in regard to the recovery of the large amount of recoverable balance due on acco unt of the prices of sites in BASAVANAGUDI and MALLAESWARA, EXTENSIONS, of the Bang-laore City, I have the honor to state that the Deputy Commissioner has furnished me with four statements of the particulars of recoveries made on account of the sites upto the end of October last from which I find that over eight hundred parties & Official and non-Official are concerned. To watch the recoveries, maintain Broad Sheets and report the defaults and the balances due from each, will necessiate the opening out of personal Ledgers which will entail considerable extra work on my Office. The members of the establishment now available have each full work assigned to them, none of whom can be made available for this extra work without prejudice to the current and routine work of the Office. The Deputy Commissioner of the District is responsible for the recoveries and he is the Officer who, in my opinion, should watch that the payments are made regularly without default, it being sufficient for this Office to see that the credits appear under the proper head of account and the total monthly collection does not fall short of the total of the prescribed instalments and to report any short collections that

Scale providing for several additional hands, and the present application, the Govt observe, that might well have been avoided, as the accounts or report called for can be easily prepared & furnished without the aid of an additional accountant. A large Account Office like that of the Compt^r should not be indenting upon Govt for extra hands whenever any additional report or account, connected with the finances, which it is the duty of his Deptt. to maintain & check, is called for.

OFFICE OF THE

COMPTROLLER, GOVT. OF MYSORE,

BANGALORE, 23rd January 1901

From

E. R. SUBRAYER, Esq.,

COMPTROLLER, GOVT. OF MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,

General & Revenue DEPT.

SIR,

I have the honour to acknowledge the receipt of Government Proc: No 4983 dated 3rd January 1901 and beg most respectfully to submit that the reorganization of my office recently sanctioned under which five more hands were added to the lower subordinate ranks, was solely for the specific purpose of setting aside and a scheme for which was pending sanction since 1892 and was effected without any extra cost to Government by the abolition of one of the three Gazetted officers allowed for my office and by my undertaking personally the additional work and responsibility of the direct charge of an important section of my office

office which that office had hitherto had, and that too at a time when two out of the three Account Probationers attached to this office have been deputed to the office of Accountant General Madras for learning work.

2. The Account which the Government was pleased to direct me to maintain is purely a Revenue Account, not a Financial one and the report called for in Government Orde No 3046-8 F.L. 287 dated 11th October 1900 is practically an individual Demand, Collection and Balance Statement of the Sale proceeds of building sites in Bangalore City, for the first two items of which the Revenue Authorities alone can furnish the necessary information, the Treasury Accounts showing only lump sums actually brought to credit.

3. Neither the Civil Account Code nor the Office Manual prescribed for the guidance of this office imposes upon me the duty of preparing detail Accounts of any Departmental Revenues nor was I called upon to prepare Similar Accounts in regard to the Extensions in Mysore and

9 to the Northern and Chamraj Pettah ex-
tensions in Bangalore. On the other hand
it is distinctly laid down in Note 2.
Art 927 and Art 929 Civil Account Code
Vol II that the detailed check of depart-
mental Revenue should be entrusted to
the Revenue Controlling Authorities and
the duties of the Accountant General
should be confined to reporting to such
authorities, the amounts received and
brought to account and, to Government,
if any serious falling off of revenue
occurs under any head both of which
I understood to do in my letter No 3321/332
dated 7/11th December 1900, — all the required
information for this report being available
in this office.

2. In this connection I may also invite
the attention of Government to Mr Biddulph's
observations made in paras 149, 150 & 151 of
Appendix D to his report of inspection of the
accounts of this office in regard to Excise
Revenue Accounts.

3. If however Government still insist
upon this office preparing the detailed
Accounts called for in Pro. No. 3046-8/287
dated

dated 11th October 1900, without the extra temporary hand applied therefor, I beg that they may be pleased to permit me to employ on this work one of the five hands sanctioned for the specific purpose of outside audit and keep his portion of the work in abeyance or to depute any officer they may select to examine the distribution work in my office - a printed list of which is herewith sent - and to report to Government how these Revenue Accounts can be easily prepared without the aid of an additional Accountant."

I have the honour to be
Sir
Your most obedient Servant

Draft xx/:

Read:—

Letter No. 3952 dated the 23d January 1901 from the Comptr, Mysore Govt, explaining with reference to Govt Proc: No. 4983 / H:503 dated the 3d January 1901, that although his office establishment was revised recently and 5 more hands were added to it Solely for the work connected with outside audit, yet it is not possible for his office to maintain detailed accounts — purely Revenue D-C-B Statements — connected with the recovery of the value of house sites in the Basavanagudi and Malleswaram Extensions of the Bangalore city, unless one of the new hands is employed on that work, & a portion of his work in connection with outside audit, is held in abeyance.

Order thereon:—
